

Hazardous Waste Management

Waste that is flammable, corrosive, reactive, or toxic is hazardous waste.

Label (must include)

- The words “Hazardous Waste”
- A list of contents in the container
- The hazards clearly marked
- Contact the Safety Coordinator if you need labels.

HAZARDOUS WASTE

BUILDING # _____ ROOM # _____

CHEMICAL NAME	AMOUNT/CONCENTRATION

IGNITABLE CORROSIVE REACTIVE TOXIC

Store

- Keep waste in the room in which it was generated, with the lid on.
- Establish a storage area in your lab.
- Liquid waste should be stored in spill trays.

Dispose

- Go to <https://ehs.unm.edu/waste-management/index.html> and fill out a Chemical Waste Pickup Request form.
- Email the form to chemsafety-L@list.unm.edu
- Be available to provide access to the containers when Environmental Health & Safety (EHS) arrives.

If you have questions about chemical waste or chemical waste pickups, please contact the Safety Coordinator, Kali, by email at klevsen@unm.edu or EHS at 505-277-2753.
