

Minor Consent and Notice of Risk Form

This section to be completed by parent/legal guardian of minor.

I understand that _____ (print minor's name), _____ (age), a minor participating in a laboratory program at the University of New Mexico, may study or learn in areas where hazardous substances (chemicals/biologicals, etc.) or physical hazards (very hot or cold temperatures, laser light, electromagnetic frequencies, etc.) are present.

The minor will be informed of the hazards associated with their project and will be trained in the relevant safe laboratory work practices. An adult familiar with the project will supervise the minor at all times.

I, _____ (print parent/legal guardian name), hereby give my consent for them to participate in a laboratory program at the University of New Mexico.

I understand that the minor may be removed from the project on a temporary or permanent basis if they refuse, or are unable, to follow the safety rules, to wear assigned personal protective equipment, or to perform activities as directed.

Emergency Contact Name and Phone: _____

Signed: _____ Date: _____
(parent/legal guardian)
